

Acorn candleholder

# When People Gather

Together with handcrafted pieces from around the world, you'll find beautiful collections of glass, ceramics, iron and tin. Not strictly tableware, as shown here, Indaba features textiles, plant and garden fixtures, storage solutions, and furnishings. Available at select retailers across Canada.

**A REAL CHARMER**  
From Pier 1 Imports, this whimsical Christmas tree with 12 wine charms measures 6-1/2 inches by 10-3/4 inches high, \$34.95. [pier1.ca](http://pier1.ca)

Berry leaf dish

Highball and old fashioned glasses

Black vine bowl

**HEATWAVE**  
Here's an intriguing system for central heating that combines the sculptured details of art and pure craftsmanship with industrial efficiency. The delightful frivolous curls form a deliberate contrast with the intractable concrete shell. Jaga Climate Systems produces the Heatwave in two colours – stone grey and a black-matte finish. Available in small, medium, large or extra-large, this heating system can accommodate any space. Headquartered in Waterloo, Ont.
